About the South Eastern Michigan Bowling Centers Association

The bowling centers in Southeast Michigan, from Sterling Heights to South Lyon, are dedicated to raising awareness, promoting participation and enhancing the bowling experience for everyone. Joined together as SEMBCA, its growing membership know that bowling is the only sport where everything required for participation – balls, pins, shoes and refreshments – is available onsite and year-round. For more than 50 years the members of SEMBCA have strived to reach out to the local community by providing charitable fund-raising opportunities, corporate employee involvement and wholesome family fun for all ages. Bowling can also be educational, with more than 20 million kids under 17 bowling each year and many going on to the 250 colleges and universities that offer bowling as a sport, with some even benefitting from the \$6 million in college bowling scholarships.
